RESISTIVE CORE CABLE

Description: Provides a level of resistance (or suppression) in the cable which allows the use of unsuppressed spark plug/distributor connectors. Designed to minimise RFI (Radio Frequency Interference) whilst maintaining maximum conductivity.

Conductor: Madison Wire manufactures its own resistive conductor using Dupont's E.I. KEVLAR® brand of aramid fibre and conductive acrylic latex, which gives the benefits of maximum conductivity and integrity, whilst maintaining the renowned strength of KEVLAR®.

Jacket/insulation:

Insulation	Jacket	Min. Temp °C	Max. Temp °C	Class
Single Extrusion	EPDM*	-30	155	C
	EPDM*	-30	155	C
	EPS*	-30	155	C
EPDM	CPE	-30	155	C
	EVA	-30	155	C
	SILICONE	-40	220	E
SILICONE	SILICONE	-50	248	F

All cables are produced to fulfil requirements of ISO3808/2

* Please notice that EPDM and EPS do not meet ISO 3808 requirement in oil and flame retardant tests if used as an outer insulation material.

Braid: Optional woven material or re-enforcing tape.

Specifications: SAE J557, SAE J2031 and ISO 3808

Test Voltage: Depending on the diameter it is to 40.0 kV RMS.

Diameter: Range from 3mm – 10mm

Jacket Colour: Extensive range of colours available.

Cable Print: As per customer requirements, including logo, in a wide choice of ink colours.

Reel sizes: 30" FOC non-returnable wooden reels.
Also on 24" at a nominal charge.

REACTIVE CORE CABLE

Description: Provides a low level of resistance in the cable which is ideal for use with high performance engines. Commonly referred to as wire wound, Magwire, magnetic suppression or inductive wire. Madison Wire KEVLAR® wire wound cable can be cut, stripped and terminated in the same way as standard suppressed cable.

Conductor

Specifications: Madison Wire offers a high-quality KEVLAR® suppression conductor, wound with a high-strength spiral steel wire (stainless steel wire optional) for a finished resistance as low as 350 Ohms per foot.

Jacket/insulation:

Insulation	Jacket	Min. Temp °C	Max. Temp °C	Class	
Single Extrusion	EPDM*	-30	155	C	
	EPDM*	-30	155	C	
	EPS*	-30	155	C	
	EPDM	CPE	-30	155	C
	EVA	-30	155	C	
	SILICONE	-40	220	E	
SILICONE	SILICONE	-50	248	F	

All cables are produced to fulfil requirements of ISO3808/2

* Please notice that EPDM and EPS do not meet ISO 3808 requirement in oil and flame retardant tests if used as an outer insulation material.

Braid: Optional woven material or re-enforcing tape.

Specifications: SAE J557, SAE J2031 and ISO 3808

Test Voltage: Depending on the diameter it is to 40.0 kV RMS.

Diameter: Range from 3mm – 10mm

Jacket Colour: Extensive range of colours available.

Cable Print: As per customer requirements, including logo, in a wide choice of ink colours.

Reel sizes: 30" FOC non-returnable wooden reels.
Also on 24" at a nominal charge.

COPPER CORE CABLE

Description: As there is virtually no resistance in this conductor it delivers maximum current to the spark plugs. This cable must be used with suppressed spark plug/distributor connectors to avoid RFI/EMI. Typically fitted as Original Equipment to many German vehicles.

Conductor

Specifications: Available in 16x30 and 19x25 bare or tinned copper, although for maximum conductivity, flexibility, durability and corrosion resistance, 19x30 tinned copper is recommended.

Jacket/insulation:

Insulation	Jacket	Min. Temp °C	Max. Temp °C	Class
Single Extrusion	EPDM*	-30	155	C
EPDM	EPDM*	-30	155	C
	EPS*	-30	155	C
	CPE	-30	155	C
	EVA	-30	155	C
	SILICONE	-40	220	E
SILICONE	SILICONE	-50	248	F

All cables are produced to fulfil requirements of ISO3808/2

* Please notice that EPDM and EPS do not meet ISO 3808 requirement in oil and flame retardant tests if used as an outer insulation material.

Braid: Optional woven material or re-enforcing tape.

Specifications: SAE J557, SAE J2031 and ISO 3808

Test Voltage: Depending on the diameter it is to 40.0 kV RMS.

Diameter: Range from 3mm – 10mm

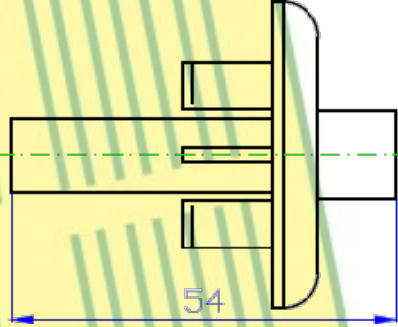

Jacket Colour: Extensive range of colours available.

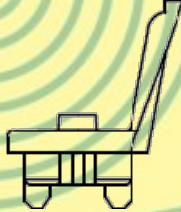

Cable Print: As per customer requirements, including logo, in a wide choice of ink colours.

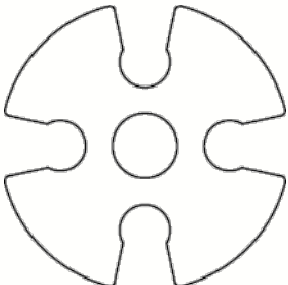

Reel sizes: 30" FOC non-returnable wooden reels.
Also on 24" at a nominal charge.
